ANNUAL GENERAL AND SPECIAL MEETING OF SHAREHOLDERS TO BE HELD ON FEBRUARY 20, 2025

MANAGEMENT INFORMATION CIRCULAR AND PROXY STATEMENT

GENERAL INFORMATION

Introduction

This management information circular (“**Information Circular**”) is furnished in connection with the solicitation of proxies by and on behalf of the management of Imaging Dynamics Company Ltd. (“**IDC**” or the “**Corporation**”), to be used at the annual general and special meeting (the “**Meeting**”) of holders (“**Shareholders**”) of common shares of IDC (“**Common Shares**”) to be held on Thursday, February 20, 2025, at Unit 2, 110 Macintosh Blvd, Toronto, ON L4K 4P3, at **10 a.m.** (Eastern time), or at any adjournment(s) or postponement thereof for the purposes set out in the notice of meeting (the “**Notice of Meeting**”). References in this Information Circular to the Meeting include any adjournment or postponement thereof. It is expected that the solicitation will be primarily by mail; however, proxies may also be solicited by certain officers, directors, and regular employees of the Corporation by telephone, electronic mail, or personally. These individuals will receive no compensation for such solicitation other than their regular fees or salaries, if any. The cost of solicitation by management will be borne directly by the Corporation.

The board of directors of IDC (the “**Board**”) has fixed the close of business on January 16, 2025 as the record date (the “**Record Date**”), being the date for the determination of the registered holders of Common Shares entitled to receive notice of and vote at the Meeting.

PERSONS MAKING THE SOLICITATION

This solicitation is made on behalf of the management of the Corporation. The cost incurred in the preparation and mailing of both the Instrument of Proxy and this Information Circular will be borne by the Corporation. In addition to the use of mail, proxies may be solicited by personal interviews, personal delivery, telephone or any form of electronic communication by directors, officers and employees of the Corporation who will not be directly compensated therefor. Any third-party costs thereof will be borne by the Corporation.

In accordance with National Instrument 54-101 - *Communications with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”), arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the Common Shares held of record by such persons and the Corporation may reimburse such persons for reasonable fees and disbursements incurred by them in doing so.

APPOINTMENT AND REVOCATION OF PROXIES

Those shareholders desiring to be represented by proxy must deposit their respective forms of proxy with Computershare Trust Company of Canada (the “**Transfer Agent**”), 100 University Avenue, 8th Floor, Proxy Department, Toronto, Ontario, M5J 2Y1 or by Fax 1-866-249-7775 or by internet at www.investorvote.com, not less than 48 hours before the time of the Meeting (excluding Saturdays, Sundays and holidays) or any adjournment thereof. A proxy must be executed by the shareholder or by his or her attorney authorized in writing, or if the shareholder is a corporation, under its seal or by an officer or attorney thereof duly authorized. If you choose to vote by telephone or internet, your vote must also be cast no later than 48 hours, excluding Saturdays, Sundays and holidays prior to the time of the Meeting. A proxy is valid only at the Meeting in respect of which it is given or any adjournment of the Meeting.

Each shareholder submitting a proxy has the right to appoint a person to represent him, her or it at the Meeting other than the persons designated in the form of proxy furnished by the Corporation. The shareholder may exercise this right by striking out the names of the persons so designated and inserting the name of the desired

representative in the blank space provided, or by completing another form of proxy and in either case depositing the proxy with the Transfer Agent at the place and within the time specified above for the deposit of proxies.

An instrument of proxy may be revoked by the person giving it at any time prior to the exercise thereof. If a person who has given a proxy attends personally at the Meeting at which such proxy is to be voted, such person may revoke the proxy and vote in person by depositing an instrument in writing executed by the shareholder or its attorney authorized in writing with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof. In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the shareholder or its attorney authorized in writing, or if the shareholder is a corporation, under its seal or by an officer or attorney thereof duly authorized, and deposited with the Transfer Agent at the place specified above for the deposit of proxies and at any time up to and including the last business day preceding the Meeting, or any adjournment thereof.

NOTICE-AND-ACCESS

The Canadian Securities Administrators have adopted amendments to NI 54-101, which allow for the use of the “notice-and-access” regime for the delivery of meeting materials.

Under the notice-and-access regime, reporting issuers are permitted to deliver the meeting materials by posting them on SEDAR as well as a website other than SEDAR and sending a notice package to each shareholder receiving the meeting materials under this regime. The notice package must include: (i) the relevant form of proxy or voting instruction form; (ii) basic information about the meeting and the matters to be voted on; (iii) instructions on how to obtain a paper copy of the meeting materials; and (iv) a plain-language explanation of how the notice-and-access system operates and how the meeting materials can be accessed online. Where prior consent has been obtained, a reporting issuer can send this notice package to shareholders electronically. This notice package must be mailed to shareholders from whom consent to electronic delivery has not been received.

The Corporation has elected to send its meeting materials to Beneficial Shareholders (as defined herein) using the notice-and-access regime. Accordingly, the Corporation will send the above-mentioned notice package to Beneficial Shareholders which includes instructions on how to access the Corporation’s meeting materials online and how to request a paper copy of these materials. Distribution of the Corporation’s meeting materials pursuant to the notice-and-access regime has the potential to substantially reduce printing and mailing costs.

Notwithstanding the notice-and-access regime, the *Business Corporations Act* (Alberta) (“**ABCA**”) requires the Corporation to deliver a paper copy of the meeting materials to a registered shareholder unless such shareholder provides written consent to electronic delivery. In order to ensure compliance with the ABCA, registered shareholders who have not previously consented to electronic delivery will be mailed a copy of the meeting materials this year, together with a mail card soliciting a registered shareholders consent to electronic delivery in future years.

EXERCISE OF DISCRETION

The Common Shares represented by the enclosed form of proxy will be voted or withheld from voting in accordance with the instructions of the shareholder. **The persons appointed under the enclosed form of proxy are conferred with discretionary authority with respect to amendments or variations of those matters specified in the proxy and Notice of Meeting and with respect to any other matters which may properly be brought before the Meeting or any adjournment thereof. If any such matters should come before the Meeting, it is the intention of the persons named in the enclosed form of proxy to vote such proxy in accordance with their best judgment unless the shareholder has specified to the contrary or that Common Shares are to be withheld from voting. At the time of printing this Information Circular, management of the Corporation is not aware of any such amendment, variation or other matter.**

Unless otherwise specified, proxies in the accompanying form will be voted or withheld from voting on any motion, by ballot or otherwise, in accordance with any indicated instructions. In the absence of such direction, such shares will be voted for the resolutions referred to in the proxy.

ADVICE TO BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance to many shareholders, as a substantial number of shareholders do not hold Common Shares in their own name. Shareholders who do not hold their Common Shares in their own name (referred to herein as “**Beneficial Shareholders**”) are advised that only proxies from shareholders of record can be recognized and voted upon at the Meeting. If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder’s name on the records of the Corporation. Such Common Shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms). Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his or her broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the Common Shares in that capacity.

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the Instrument of Proxy provided directly to registered shareholders by the Corporation. However, its purpose is limited to instructing the registered shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”) in Canada. Broadridge typically prepares a machine-readable voting instruction form, mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote Common Shares directly at the Meeting. The voting instruction forms must be returned to Broadridge (or instructions respecting the voting of Common Shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the Common Shares voted. If you have any questions respecting the voting of Common Shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his or her broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the Common Shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered shareholder, should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker’s agent) in accordance with the instructions provided by such broker.**

If you have any questions respecting the voting of Common Shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance. All references to shareholders in this Information Circular and the accompanying instrument of proxy and Notice of Meeting are to shareholders of record, unless specifically stated otherwise.

REVOKABILITY OF PROXY

You may revoke your proxy at any time prior to a vote. If you attend personally at the Meeting, you may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing executed by you or your attorney authorized in writing or, if you are a corporation, under your corporate seal or by an authorized officer or attorney of the Corporation. To be effective the instrument in writing must be deposited either at the Corporation’s head office, or with Computershare Trust Company of Canada, at any time up to and including the last business day before the day of the Meeting, or any adjournment of the Meeting, at which the proxy is to be used, or with the chairman of the Meeting on the day of the Meeting, or any adjournment

thereof. Beneficial Shareholders who wish to revoke their proxy must arrange for their respective intermediaries/brokers to revoke the proxy on their behalf within the time specified by such intermediary/broker.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Other than as set forth herein, management of the Corporation is not aware of any material interest, direct or indirect, by way of beneficial interest or otherwise, of any director or executive officer of the Corporation, any proposed nominee for election as a director of the Corporation, or any associate or affiliate of the foregoing in any matter to be acted upon at the Meeting other than the election of directors.

VOTING SHARES AND PRINCIPAL SHAREHOLDERS

The Corporation is authorized to issue an unlimited number of Common Shares and an unlimited number of preferred shares, issuable in series. As of the date hereof there were 10,334,550 Common Shares and no preferred shares issued and outstanding. As a Shareholder, you are entitled to one vote for each share you own. A quorum for the transaction of business at the Meeting is 10% of the issued Common Shares entitled to vote at the Meeting, irrespective of the number of persons present.

To the knowledge of the directors and officers of the Corporation, as at the date hereof, no person or Corporation beneficially owns, or controls or directs, directly or indirectly 10% or more of the Common Shares other than as set forth below:

Name	Number of Common Shares Owned, Controlled or Directed	Type of Ownership	Percentage of Outstanding Common Shares
New Journey Hospital Group Ltd	4,222,668	Control and direction	40.86%
Shuai Wang	1,101,953	Control and direction	10.66%

PARTICULARS OF MATTERS TO BE ACTED UPON

To the knowledge of the Corporation's board of directors (the "**Board**"), the only matters to be placed before the Meeting are those set forth in the accompanying Notice of Meeting.

1. Financial Statements and Auditors' Report

At the Meeting, shareholders will receive and consider the financial statements of the Corporation for the year ended December 31, 2023 and the auditors' report thereon, but no vote by the shareholders with respect thereto is required or proposed to be taken.

2. Fixing Number of Directors to be Elected at the Meeting

At the Meeting, shareholders will be asked to consider and, if thought fit, approve an ordinary resolution fixing the number of directors to be elected at the Meeting at five (5).

Unless otherwise directed, it is the intention of the persons designated in the accompanying form of proxy to vote in favour of the ordinary resolution fixing the number of directors to be elected at the Meeting at five (5). In order to be effective, the ordinary resolution in respect of fixing the number of directors to be elected at the Meeting at five (5) must be passed by a majority of the votes cast by shareholders who vote in respect of this ordinary resolution.

3. Election of Directors

At the Meeting it is proposed that five (5) directors be elected to hold office until the next annual meeting or until their successors are elected or appointed. There are presently five (5) directors of the Corporation, the term of each of which expires at the Meeting.

The following table sets forth the name of each of the persons proposed to be nominated for election as a director, all positions and offices in the Corporation presently held by such nominee, the nominee's city and province of residence, principal occupation at the present and during the preceding five years, the period during which the nominee has served as a director, and the number and percentage of Common Shares that the nominee has advised are beneficially owned by the nominee, directly or indirectly, or over which control or direction is exercised.

Unless otherwise directed, it is the intention of management to vote proxies in favour of the director nominees. Management of the Corporation does not contemplate that any of such nominees will be unable to serve as directors; however, if for any reason any of the proposed nominees do not stand for election or are unable to serve as such, proxies held by management designees will be voted for another nominee in their discretion unless the Shareholder has specified in his form of proxy that his Common Shares are to be withheld from voting in the election of directors. Each director elected will hold office until the next annual general meeting of Shareholders or until his successor is duly elected, unless his office is earlier vacated in accordance with the by-laws of the Corporation or the provisions of the *Business Corporations Act* (Alberta) to which the Corporation is subject.

To the knowledge of management of the Corporation, other than as disclosed herein, no proposed director is, as at the date hereof, or has been within 10 years before the date hereof, a director, chief executive officer or chief financial officer of any Corporation (including the Corporation) that (a) was subject to an order that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer, or (b) was subject to an order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer. For the purposes of the hereof, “order” means (a) a cease trade order, (b) an order similar to a cease trade order or (c) an order that denied the relevant Corporation access to any exemption under securities legislation, that was in effect for a period of more than 30 consecutive days.

Tim Seung and Paul Lin were directors of the Corporation while it was the subject of a cease trade order issued by the Ontario Securities Commission on May 6, 2021 as a result of IDC’s failure to file its audited annual financial statements, related management’s discussion and analysis and officer certifications for the year ended December 31, 2020. The audited annual financial statements, related management’s discussion and analysis and officer certifications for the year ended December 31, 2020 were filed on June 21, 2021, and the cease trade order was revoked by the Ontario Securities Commission effective June 22, 2021.

Kenway Mack Slusarchuk Stewart LLP has been the auditor of the Corporation since February 2, 2023. Unless a Shareholder has specified otherwise, the management designees, if named as proxy, will vote in favour of the appointment of Kenway Mack Slusarchuk Stewart LLP as auditor of the Corporation to hold office until the next annual meeting of Shareholders or until its successor is appointed and to authorize the directors to fix its

remuneration, unless a Shareholder has specified in its proxy that the Shareholder’s shares are to be withheld from voting with respect to such resolution.

5. Other Matters

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis focuses on the following:

1. The significant elements of IDC’s executive compensation program;
2. The principles upon which IDC makes compensation decisions and determines the amount of compensation paid to executive officers and directors; and
3. An analysis of the material compensation decisions made by the Compensation Committee during the financial year ended December 31, 2023.

Compensation Committee

IDC’s compensation committee (the “**Compensation Committee**”) currently consists of Paul Lin. The Compensation Committee is responsible for determining the compensation of the chairman, chief executive officer, chief financial officer and other senior employees of IDC. The Compensation Committee utilizes several different resources identified by management and approved by the Compensation Committee in reviewing elements of executive compensation and making compensation decisions. However, the Compensation Committee’s results are ultimately an exercise of business judgment and discretion rather than purely formulaic performance measures. The design of each compensation element and 2024 compensation decisions are described further in the sections that follow.

The objectives of the Corporation’s compensation program are as follows: (i) to attract and retain the best talent available in the medical diagnostics and devices sector to IDC; (ii) to align the short-term and long-term behaviour of senior management with the interests of shareholders; and (iii) to motivate senior management by rewarding both individual and corporate performance. The Corporation’s compensation program is designed to reward the chairman, chief executive officer, chief financial officer and other senior employees of IDC.

Compensation Committee

The Board has appointed the Compensation Committee comprised of Paul Lin. Paul Lin is independent director as defined under National Policy 58-201 *Corporate Governance Guidelines* (“**NP 58-201**”).

The mandate of the Compensation Committee is to:

1. review the Corporation’s overall corporate goals and objectives and ensure they are supported by appropriate executive compensation philosophy and programs;
2. annually evaluate the performance of the Chief Executive Officer against predetermined goals and criteria and recommend to the Board the total compensation for the Chief Executive Officer;

3. annually review and provide input in respect of the Chief Executive Officer's recommendations for compensation of the executives that report directly to the Chief Executive Officer;
4. review the succession planning process and results of the process as it relates to executive roles;
5. review, and approve as appropriate, any significant compensation and benefit programs for all employees; and
6. review and recommend to the Board the compensation to be provided to members of the Board and ensure its competitiveness.

The Compensation Committee convenes at least once a year to review compensation for all executive officers and conducts an independent evaluation of compensation for current management. The Compensation Committee submits its recommendations to the Board. The Compensation Committee has the goal of achieving an effective compensation structure that aligns the interests of management with those of the Shareholders.

Executive Compensation

The Corporation's policy is to provide a compensation package that will:

1. align executive compensation with shareholders' interests;
2. attract and retain qualified executive officers;
3. focus performance by linking incentive compensation to the achievement of corporate objectives and financial results; and
4. encourage retention of key executives for leadership succession.

The Corporation relies solely on the Compensation Committee to determine the compensation of the Corporation's executive officers. While the Compensation Committee considers various factors (as discussed below) when determining executive compensation, it does not apply any formal objectives or criteria.

The components of executive compensation of the Corporation are discussed below. Although each of the components have different objectives, each is considered by the Compensation Committee to be equally important and each must be competitive within the Corporation's peer group.

Base Salary

Base salaries for executive officers are determined by the Compensation Committee generally on the basis of position held, related responsibilities and functions performed, having regard to base salary ranges for similar positions in the Corporation's comparative group. The Compensation Committee also considers an annual industry survey containing comparative data for a peer group of companies. Compensation levels generally are equal to median range of salaries set out in the survey, but individual and corporate performance are also considered by the Compensation Committee in assessing compensation.

Bonus Plan

Bonuses for executive officers are determined by the Compensation Committee generally on the basis of position held, related responsibilities and functions performed. The Compensation Committee also considers the Corporation's performance.

Stock Options

Stock options are granted by the Compensation Committee and, in determining the number of options to be granted, the Compensation Committee generally considers the number and terms of options held by each executive officer, the responsibilities and functions of each executive officer, the individual performance of each executive officer and the overall performance of the Corporation. See “Option-based Awards” in this section for more information.

Compensation of the Chief Executive Officer

The factors considered by the Compensation Committee in determining total compensation for the Chief Executive Officer, as well as the manner in which these factors are reviewed, are similar to those used in determining total compensation for the other executive officers of the Corporation. However, in the case of the Chief Executive Officer, more weight is generally given to strategic planning to support future shareholder value and the reward for high performance generally takes the form of stock options (rather than some other component(s) of executive compensation discussed above). Following the Compensation Committee’s evaluation of the Chief Executive Officer’s performance, the Compensation Committee prepares a compensation recommendation for the review and approval of the Board.

Compensation levels for the Chief Executive Officer and Chief Financial Officer for the year ended December 31, 2023 are not consistent with the trend of total return on investment charted for the Corporation. The Corporation does not base its executive compensation on total return on investment. As mentioned previously, the Corporation relies exclusively on the Compensation Committee to determine executive compensation for the executive management of IDC.

Option-based Awards

Stock Option Plan

The Corporation’s stock option plan (the “**Plan**”) is for the benefit of employees, directors and consultants to encourage them to acquire Common Shares, thereby aligning their interests with the Shareholders. The Corporation converted the Rolling Stock Option Plan to a Fixed Number Option Plan on November 2, 2021. A copy of the Plan is attached as Schedule “C” to the management information circular of the Corporation dated April 8, 2009, a copy of which is available under the Corporation’s profile on SEDAR at www.sedar.com. The following describes the material terms of the Plan, pursuant to which the Corporation’s outstanding options have been granted:

1. the aggregate number of Common Shares issuable upon the exercise of all options granted under the Plan may not exceed 1,000,000 Common Shares ;
2. if the outstanding Common Shares are increased, decreased, changed into or exchanged for a different number or kind of shares or securities of the Corporation through re-organization, merger, re-capitalization, re-classification, stock dividend, subdivision or consolidation, an appropriate and proportionate adjustment shall be made by the Board, in its discretion, in the number or kind of shares optioned and the exercise price per share, as regards previously granted and unexercised options;
3. under the Plan the Board can fix the exercise price of the options, but the exercise price cannot be less than the five-day weighted average trading price of the Common Shares prior to the date of grant;
4. the Current Plan permits the Board to determine vesting terms at the time of grant. The term of the option cannot exceed 10 years. If the Corporation is subject to a takeover bid, undergoes a re-organization or other transaction in which the Corporation is not the surviving entity, or undergoes a change of control, the Board has the discretion, by way of resolution, to permit accelerated vesting of options on such terms as the Board sees fit at that time;
5. under the Plan if a participant retires or ceases employment or being a director or service provider, the participant may exercise his or her options within 90 days of the date of termination of employment,

directorship or contract. If the participant's employment has been terminated for cause, the options expire immediately. In the event of death, the options may be exercised on the earlier of the option's expiry time or one year from the date of death. In the event of permanent disability, the options may be exercised on the earlier of the option's expiry time or six months from the date of permanent disability, subject to such shorter period as may be otherwise specified in a stock option agreement;

6. under the Plan, the Board may amend, modify or change certain provisions of the plan or any options granted pursuant to the Plan without shareholder approval in connection with the following:
 - (a) the expiry date of options granted to non-insiders; and
 - (b) the vesting schedule and the termination provisions of options granted,

however, if the Board proposes to reduce the exercise price of options granted to insiders, alter the prohibition against assignment of options or extend the expiry date of options granted to insiders (as such term is defined in the *Securities Act* (Alberta)), such amendments would require shareholder approval. Shareholder approval would also be required in order to increase the number or percentage of shares reserved for issuance under the Plan;

7. the Plan automatically extends the expiry date of options which would otherwise expire in a "black-out period" where optionees are not permitted to trade in securities of the Corporation. The expiry date of options which otherwise would expire during a black-out period will be extended for a period of 10 business days from the end of the black-out period;
8. the Plan expressly limits the maximum term of options to 10 years from the grant date of such options; and
9. the options are not transferable or assignable unless permitted by the TSX Venture Exchange ("TSXV"). The Board could amend or discontinue the Plan at any time without the consent of the Participants, provided that such amendment shall not alter or impair any option previously granted under the Plan, however each amendment was required to be approved by the TSXV and, where necessary, the Shareholders. There have been no amendments adopted in this past year. Previous grants of options are taken into account when considering new grants.

As of December 31, 2023, nil Common Shares had been issued upon the exercise of options previously granted under the Plan and nil Common Shares were issuable upon the exercise of options previously granted under the Plan). Since December 31, 2021, there has been no change in the number of outstanding options.

CORPORATE GOVERNANCE DISCLOSURE

Corporate governance relates to the activities of the Board, the members of which are elected by and are accountable to the Shareholders and takes into account the role of the individual members of management who are appointed by the Board and who are in charge of the day-to-day management of the Corporation.

The Board is committed to sound corporate governance practices which are both in the interest of the Shareholders and contribute to effective and efficient decision making. Corporate governance practices continue to evolve and change. The Board continually evaluates developments in the area of corporate governance and, where appropriate, implements changes to improve the Corporation's governance practices. The Board is of the view that the Corporation's approach to corporate governance is appropriate for its size and resources.

On June 30, 2005, the Canadian Securities Administrators adopted National Instrument 58-101 Disclosure of Corporate Governance Practices ("**NI 58-101**" or the "**Governance Instrument**") and NP 58-201. The Governance

Instrument and the Governance Policy replaced the TSXV's guidelines for effective corporate governance which had been in effect since 1995.

The Governance Instrument requires issuers to disclose those corporate governance practices that it has adopted. The Governance Policy contains guidelines that issuers are encouraged to consider in developing their own corporate governance practices. IDC listed below is a description of the Corporation's approach to corporate governance.

Board of Directors

The Board is currently composed of five directors: Paul Lin, Tim Seung, Yong Yan, Rong Li and Shu Shang. Mr. Yong Yan is the Chief Executive Officer of the Corporation.

The Board meets at least every quarter for a formal Board meeting. Depending on the level of activity of the Corporation, the Board will meet on an ad hoc basis as necessary to provide input and guidance to management. The majority of the directors has attended all meetings of the Board, either in person or by telephone, since the date the Board was formed. In order to facilitate open and candid discussions among independent directors, the Board has historically formed three committees which are the Audit Committee, Compensation Committee and Corporate Governance Committee. These committees have met independently of non-independent directors and management in accordance with the timing set out in the charters of each committee or as otherwise determined necessary to consider those matters set out in such charters.

Board Mandate

The Board is responsible for the stewardship of the Corporation and is responsible for the governance and management of the Corporation's affairs. The Board delineates its roles and responsibilities to each Board committee in written terms of reference that are approved by the Board. The mandate of the Board is attached as Schedule "B" to this Information Circular.

The Board has established procedures regarding the approval of material transactions, the delegation of authority and the execution of documents as part of its organizational structure. Any responsibility which is not delegated to management or a Board committee remains with the full Board.

Position Descriptions

The Board has developed a written position description for the Chairman of the Board. As each Board committee has written terms of reference that are approved by the Board, the Board does not feel that written position descriptions for the chair of each Board committee are necessary.

The chair of each committee is responsible for guiding the committee pursuant to the procedures and guidelines set out in each written committee charter. The Board, together with the Chief Executive Officer, has also developed a written position description for the Chief Executive Officer, the Chief Financial Officer and the Corporate Secretary.

Orientation and Continuing Education

At present, the Corporation does not provide a formal orientation and education program for new directors. Prior to joining the Board, potential Board members are encouraged to meet with management to obtain knowledge regarding the Corporation's business and affairs. After joining the Board, management and the Board provide orientation to new directors as necessary based on the particular needs and experience of each director and the Board as a whole. New directors are provided with a board manual which includes the Board Mandate, committee charters and policies of the Corporation. The Corporation currently has no specific policy regarding continuing education for directors; requests for continuing education by the directors are encouraged and dealt with on an ad hoc basis.

Ethical Business Conduct

The Board has written policies outlining business conduct, disclosure and confidentiality, and share trading. The Business Conduct Policy sets out the minimum standards of behaviour required by all employees in conducting the business affairs of the Corporation. The Disclosure and Confidentiality Policy ensures communications to the investing public about the Corporation are timely, factual and accurate. This policy addresses guidelines for dissemination of information in accordance with all legal and regulatory requirements. The Share Trading Policy prescribes rules for restricted persons and employees with respect to trading in securities of the Corporation by individuals when there is undisclosed material information or pending material developments with respect to the Corporation. A copy of any of the aforementioned policies can be obtained by contacting the Corporate Secretary of the Corporation.

Currently, conflicts of interest are disclosed in accordance with the *Business Corporations Act* (Alberta) and any interested director must abstain from voting. The Audit Committee has adopted a “whistle-blower” policy which is designed to ensure a culture of ethical business conduct.

Nomination of Directors

Once a decision has been made to add or replace a director, the task of identifying new candidates falls on the Board and management. Proposals are put forth by the Board and management and are considered and discussed. The Board and management consider, among other factors, the competencies and skills the Board considers necessary to possess as a whole, the competencies and skills the Board considers each existing director to possess and the competencies and skills each new nominee will bring to the boardroom. Considerations are also given to whether or not each new nominee can devote sufficient time and resources to his or her duties as a board member.

Assessments

The Board has not considered it necessary to date to conduct an assessment of the Board, its committees and individual directors on a formal basis. Any concerns about the effectiveness of the foregoing can be addressed to the Chairman of the Board.
